I was fortunate to meet Bryan through my sister, Leandra. They took care of & looked out for each other & as her sister, it always gave me comfort knowing he was there. He became family to all of us, especially my nephew, Trace. Bryan was his buddy. Trace always wanted to be where Bryan was, whether he was tinkering with a car, digging up worms at midnight, or going fishing, and no matter what Bryan had going on, he made time for Trace. Last year, I spent some time in Iowa with my sister, so I was able to get to know Bryan a little more, and during that time, I got to witness the connection that Trace & Bryan had. He went to Trace's school program & went live for my sister because she couldn't get out of work. He taught Trace things, fixed his bike & cleaned Trace up when he skinned his knee. Bryan even came to my rescue when my car over heated. He gave sound advice & would make dinners & bake with my neice, Paige. I hope he knew how loved & appreciated he was by my family. He was a warm, gentle soul & we know what has been lost. To his family, my family grieves with you. We share your pain, so I send you my heart felt condolences and prayers for peace. His absence will be felt & we will miss him.

Growing up and going over to Grandpa's house. All of us girls would run around his backyard playing tag. Jake would usually join in tackling us to the ground. Some the best memories from my childhood! Grandpa went to one of my birthday parties in haverhill, and I put a few of my girly necklaces on him and he didn't take them off because he knew it meant a lot to that little girl.
